ABSTRACT

During FY 1992-93, Utah's adult education program served 19,863 adults aged 18 years and older and 3,377 students aged 17 years and under. Adult basic education (ABE) programs served at least 7,335 adults in 27 of the state's 40 school districts and in correctional facilities, applied technology centers, the Salt Lake Skills Center, and several technical and community colleges. English as a Second Language (ESL) and adult refugee education was provided to 3,959 students, and literacy, General Educational Development (GED), and high school completion instruction was provided to 1,268 adults in correctional facilities. ESL, ABE, and GED programs were also provided to 581 eligible legalized aliens and 1,872 homeless people. Of the 5,624 individuals who completed GED testing, 4,089 received passing scores. General adult education (lifelong learning) programs were provided in all of Utah's 40 school districts, 5 applied technology centers, and several community colleges. A total of \$5,841,000 in state and federal funds was invested in adult education programs in Utah in FY 1992-93. It was estimated that those expenditures resulted in a total of \$12,253,719 in new tax revenues and public assistance savings for a net return on investment of \$6,412,719 (which equals a 109.78% annual percentage rate of return). (Report includes 55 tables.) (MN)

FOREWORD

On behalf of Adult Education Services, the Utah State Office of Education is proud to submit a Narrative and Statistical Report of the Utah Adult Education Program for FY 1992-93.

This report reviews our progress and activities, as well as provides statistics and data reflecting the cooperative status of the federal, state, and local adult education programs. The program areas covered by this report are: Adult High School, including vocational credit courses; Adult Basic Education; Literacy Instruction for Limited English Proficient Adults, including Adult Refugee Education; Adult Homeless Education; General Educational Development Instruction and Testing Program; Prison and Institutionalized Education; Eligible Legalized Alien Education; and General Adult Education.

The Utah State Office of Education is committed to adult education and appreciates the opportunity to serve the adult population, especially those Utah citizens who are in need of basic literacy education, a general education development certificate, a high school diploma, and/or vocational career preparation.

With our changing population and societal demands, we encourage all people interested in adult education to study the information and data of this report for the purpose of achieving even higher levels of excellence. The Utah State Office of Education pledges continued efforts to identify and transmit the achievements and needs of the adult education community to you, policy representatives, and concerned citizens.

Scott W. Bean
State Superintendent
of Public Instruction

A NARRATIVE AND STATISTICAL REPORT OF THE
UTAH ADULT EDUCATION PROGRAM

FY 1992-93

I. INTRODUCTION

The Utah Adult Education Program encompasses the broad field of adult education and training. Such programs as Adult High School Completion (including vocational courses offered for high school credit); Adult Basic Education (reading, writing, communication, arithmetic, thinking skills, and interpersonal skills); Literacy Instruction for Limited English Proficient Adults, including Adult Refugee Education (English as a second language and vocational-specific); Adult Education for the Homeless; General Educational Development Instruction and Testing (GED); Education and Training for Prison and Institutionalized Adults, Eligible Legalized Alien Instruction; and General Adult Education are considered within the province of the Adult Education Program. The following is a limited description of selected FY 1992-93 Adult Education programs and activities.

A. Adult High School Completion (Levels 9-12)

Thousands of young people in Utah have been forced by circumstances or have selected to discontinue high school before graduation. According to 1990 Census figures, Utah has 181,428 persons 16 years of age and older without a high school diploma; i.e., not enrolled in school and not a high school graduate. This figure represents 16 percent of all Utah adults and breaks out as follows:

Persons 16 through 19 years of age

Employed	5,338
Unemployed	1,754
Not in labor force	<u>3,389</u>
Subtotal	10,481

Persons 18 years of age and older

	<u>170,947</u>
TOTAL	181,428

As a result of the above situation, the Utah Adult High School Completion Program was funded and implemented. During FY 1992-93, 37 of the 40 school districts, the State Prison, the Gunnison and Cedar Regional Prisons, all of the applied technology centers (5), and the Asian Association of Utah,

including the Salt Lake Skills Center, participated in this program with 19,863 adult enrollees. The enrollees were all 18 years of age and older.

In addition, 3,377 students 17 years of age and under were enrolled in the Adult High School Program for a total program enrollment of 23,240. Enrollees at the Salt Lake Skills Center, applied technology centers, and the Utah technical and community colleges are not always reported through school district reports or programs; therefore, the total enrollment of adults in literacy, GED, and/or high-school-type education programs is much higher than the 23,240. The reason these other adults are not reflected in the 23,240 figure is that they are funded through other resources.

B. Adult Basic Education (Levels 0-8)

The Adult Basic Education Program was implemented to provide adults with a second chance to master basic skills necessary to function more effectively in society (Levels 0-8). During FY 1992-93, basic skills (reading, writing, communication, arithmetic, analytic reasoning, interpersonal skills, and computer studies) programs were organized and implemented in 27 of the 40 school districts. In addition, there were basic skills programs in the State Prison, regional prisons, county jails, applied technology centers, the Salt Lake Skills Center, and several of the technical and community colleges. A minimum of 7,335 individuals were enrolled in these programs during FY 1992-93. In addition, there were 572 students 17 years of age and under enrolled in these programs.

C. English as a Second Language, Including Adult Refugee Education (Pre-level 1)

The English as a Second Language Program was implemented to provide limited and non-English speakers residing within Utah with the English language and vocational-specific skills that are needed for economic survival. During FY 1992-93, 31 day and/or evening instructional programs were organized and implemented throughout Utah. In these programs, 3,959 students learned speaking and listening skills in the English language. Five hundred and eighty-six of these individuals were enrolled in five Community-Based programs. The largest program was the Provo School District with 655 enrollees. The smallest programs were the Beaver and North Sanpete School Districts with one enrollee each.

D. Instructional Program for Correctional and Institutionalized Adults

Sections 322 and 326 of the Federal Adult Education Act stipulates that a minimum of ten percent of the State's allocation of Federal Adult Education Money must be used for corrections education and education for other institutionalized adult individuals. During FY 1992-93, the Utah State Office of Education allocated \$110,423 of Federal Adult Education Money and \$137,574 of State Adult High School Money to the Utah State Prison System for organizing and implementing

literacy, GED, and high school completion instruction, including vocational courses offered for high school credit. During FY 1992-93, four instructional programs were supported: South Park Academy (\$178,067), Gunnison Regional Prison (\$25,000), Blue Mountain Academy (\$29,930), and the Oxbow Jail (\$15,000). There were 1,268 students involved in correctional facilities. The correctional facilities and enrollees are as follows: South Park Academy, 556; Gunnison Regional Prison, 456; Blue Mountain Academy, 32; and Oxbow Jail, 225. In addition to the correctional programs, the Adult Education Program served 379 individuals in eight institutionalized settings and 1,503 in county jails. The institutionalized enrollees were served by local adult education programs with regular adult education allocations. The total served in correctional and institutionalized settings was 3,150.

E. Eligible Legalized Alien Instructional Program

The purpose of the Eligible Legalized Alien Instructional Program is to assist local educational agencies and other public and non-profit organizations in providing educational services to eligible legalized aliens who lack the following competencies:

1. English as a second language essential for passing the U.S. Citizenship Test (speaking, listening, and community orientation/Pre-level 1 Instruction).
2. Basic education (reading, writing, and computation/Levels 1-5 Instruction).
3. General Educational Development instruction (GED Preparation Courses/Levels 6-8).
4. High school completion instruction with emphasis on American Government and U.S. History (Levels 9-12).

During the period of October 1, 1992 - September 30, 1993, there were 581 individuals enrolled in this program. As a result of this instruction, all the enrollees have bettered their lives.

F. Adult Education for the Homeless Program

The purpose of the Adult Education for the Homeless Program is to provide "basic skills remediation" and "literacy training" (Stewart B. McKinney Homeless Assistance Act/PL 100-77) to Utah homeless adults whose inability to speak, read, or write the English language constitutes a substantial impairment of their ability to get or retain employment commensurate with their real ability. The program is designed to help eliminate such inability and raise the level of education of those individuals with a view to making them less likely to become dependent on others, to improve their ability to benefit from occupational training, and otherwise increase their opportunities for more productive and profitable employment, and to making them better able to meet their adult responsibilities.

During the period of July 1, 1992 through June 30, 1993, 1,872 individuals were enrolled in three local programs (Ogden, Salt Lake, and Provo).

G. General Educational Development Instruction and Testing Program

It is the purpose of the General Educational Development Instruction and Testing Program (GED) to establish and implement statewide instructional programs and testing centers that will provide adults without a high school diploma with opportunities to receive instruction and evaluations of their educational maturity, advancements, and competency. This program provides for instruction in most of the 40 school districts and testing at 20 local centers and one at the Utah State Office of Education. The instruction and testing is in five content areas: namely, language arts, social studies, science, reading, and mathematics. In addition, there is instruction in and assessment of writing skills. During the period of January 1, 1992, through December 31, 1993, there were 5,624 individuals tested. Of those tested, 4,089 individuals received scores adequate to receive a General Educational Development Certificate. The 4,089 individuals constitute 80.1 percent of the individuals who were tested. The national average age of the examinees was 25.6. Most of the local adult education programs provide instructional programs to prepare adult students for General Educational Development (GED) Testing.

H. General Adult Education (Lifelong Learning)

Because there has developed an acceptance of the idea that each individual must learn, develop, and change throughout life, and because one cannot assign oneself to a specified time period for formal education and upon its completion consider oneself "educated," the General Adult Education Program was implemented. All 40 school districts, the five applied technology centers, and the several community colleges, including the Salt Lake Skills Center, participate in this program. The class offerings, although different from program to program, are as broad as the interests and needs of the adult students. These programs are primarily funded by student tuition and fees; therefore, information as to the number of enrollees in this program is not collected by the Utah State Office of Education.

II. PROGRESS TOWARD PROGRAM PURPOSES AND PROGRAM OBJECTIVES

A. General Purposes, Expenditures, and Summary Achievement Data

The purposes of the Adult Education Program are to expand educational opportunities for adults and encourage the establishment of programs of adult education through community-based organizations, public schools, applied technology centers, technical and community colleges, and other profit and nonprofit agencies, organizations, and institutions that will: (1) enable all adults to acquire basic education skills, including English as a second language, necessary to function in vocational-specific training and in society, (2) enable adults who so desire to continue their education to at least the level of completion of secondary school, and (3) make available to all adults the means to secure training that

will enable them to become employable, productive, and responsible citizens.

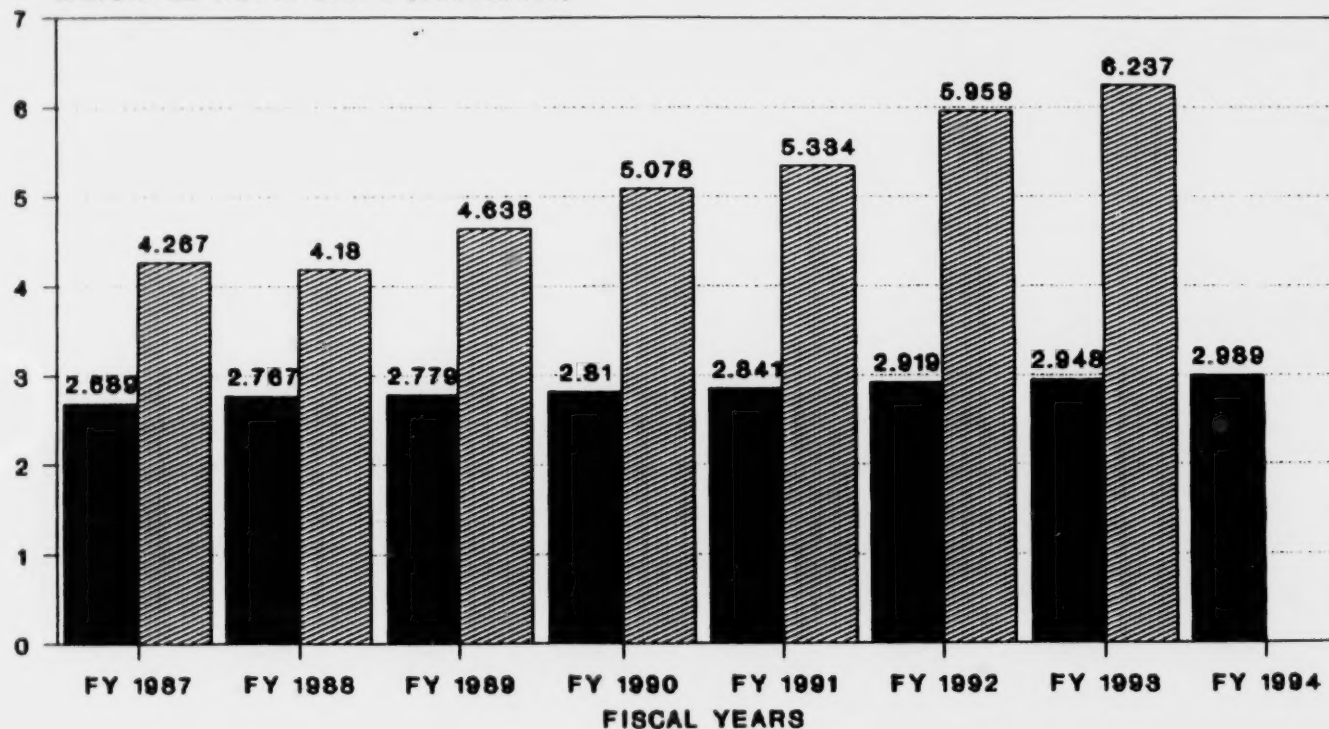

During FY 1992-93, the Utah State Office of Education Adult Education Services received the following dollars for the programs listed below:

1.	State Adult High School (7/1/92 - 6/30/93)	\$4,393,000
2.	Federal Adult Basic and Adult High School (7/1/92 - 6/30/93)	1,104,000
3.	Adult Education for the Homeless (Federal McKinney Act) Contract Period: (1/1/93 - 12/31/93)	217,000
4.	Federal Limited English Proficiency (7/1/92 - 6/30/92)	25,000
5.	Adult Education Resource Center (7/1/92 - 6/30/93)	23,000
6.	Eligible Legalized Aliens (Federal IRC) Contract Period: (10/1/92 - 9/30/93)	<u>81,000</u>
	TOTAL	\$5,843,000

The following tables provide summary achievement data concerning crucial variables that must be addressed if the purposes of Adult Education are to be achieved with equity and accountability.

B. Indicators of Program Quality: Specific Program Objectives and Achievement Information

The Utah Adult Education Program Plan, a plan that was developed and that is being implemented with broad citizen and agency involvement, encompasses five specific objectives. These objectives, along with indicators of program quality, achievement data, and slippage information, are individually addressed below.

1. **EDUCATIONAL EFFECTIVENESS INDICATORS/OBJECTIVES**

	<u>FY 1989-90 Achievements</u>	<u>FY 1992-93 Achievements</u>	<u>FY 1994-95 Projections</u>
<u>Enrollment Indicators and Achievements</u> (counting each student more than once)			
a. Increase the number of students learning the "Pre-Literacy" skills (Pre-level 1).	2,612	4,653	3,600
b. Increase the number of students learning the "Literacy" skills (Levels 1-5).	9,123	9,040	9,500
c. Increase the number of students learning the "General Core" skills (Levels 6-8).	27,825	34,900	29,900
d. Increase the number of students learning the "Adult High School Career Options" skills (Levels 9-12).	23,635	24,869	28,000
<u>Enrollee Indicators and Achievements</u> (counting each student only once)			
e. Increase the number of persons passing the General Education Development Test (GED).	2,801	4,089	3,500

61

	<u>FY 1989-90 Achievements</u>	<u>FY 1992-93 Achievements</u>	<u>FY 1994-95 Projections</u>
f. Increase the number of persons issued GED Certificates.	1,007	844	1,100
g. Increase the number of enrollees receiving high school diplomas.	2,186	2,430	2,200
h. Increase the number of enrollees who entered another education/training program.	2,504	3,454	1,950

Outcome Indicators and Achievements

i. Reduce the dropout rate by increasing the average number of clock hours of student attendance.	No Data	74.01	80
j. Improve the literacy skills of students served by increasing the average number of units of credit awarded to adult education enrollees.	No Data	1.95	2.15

Slippages

The only two areas in which slippages occurred between FY 1989-90 Data and FY 1992-93 Achievements are: number of students learning "Literacy" skills, and the number of persons issued General Educational Development Certificates. In all other areas, there were sizeable gains as relates to the "educational effectiveness" indicators.

2. TARGET POPULATION RECIPIENTS INDICATORS/OBJECTIVES

	<u>FY 1989-90 Achievements</u>	<u>FY 1992-93 Achievements</u>	<u>FY 1994-95 Projections</u>
<u>Enrollee Indicators and Achievements</u> (counting each student only once)			
a. Increase adult education services to the racial/ethnic educationally disadvantaged adults (all enrollees).	24,841	27,770	24,100
b. Provide adult education services to residents of rural areas.	2,291	4,462	2,800
c. Provide adult education services to residents of urban areas.	22,550	23,308	21,300
d. Provide adult education services to adults with limited English language skills (Pre-level 1).	2,612	3,404	4,000
e. Provide adult education services to correctional institutions and institutionalized adults.	1,459	3,150	2,025
f. Provide adult education services to immigrants.	3,720	3,686	3,625
g. Provide adult education services to older adults (45 & older).	1,986	2,795	2,500
h. Provide adult education services to disabled persons.	606	818	550

	<u>FY 1989-90 Achievements</u>	<u>FY 1992-93 Achievements</u>	<u>FY 1994-95 Projections</u>
i. Provide adult education services to male and female students (all enrollees).	24,841	27,770	24,100
j. Increase adult education services to the homeless adult (all enrollees).	860	1,872	850
k. Plan and implement a basic and functional educational program for public housing residents (all enrollees).	No Data	125	150

Slippages

In the "Target Population Recipients" Objective Area, there are only two areas where the FY 1994-95 projections have not been exceeded. The areas where the FY 1994-95 projections have not been met are: providing adult education services to adults with limited English language skills (pre-level 1); and providing adult education services to public housing residents.

3. ECONOMIC IMPACT INDICATORS/OBJECTIVES

Enrollees (counting each student only once)

a. Increase the number of enrollees who obtained a job.	3,091	3,522	2,850
b. Increase the number of enrollees who obtained a better job or salary increase.	1,320	2,863	1,400
c. Increase the number of enrollees who were removed from public assistance, including the chronically unemployed.	750	1,353	760

Slippages

For the "Economic Impact" Objective Area, the FY 1994-95 projections have been exceeded in all areas.

4. SOCIAL IMPACT INDICATORS/OBJECTIVES

	<u>FY 1989-90 Achievements</u>	<u>FY 1992-93 Achievements</u>	<u>FY 1994-95 Projections</u>
<u>Enrollees (counting each student only once)</u>			
a. Increase the number of enrollees who enhanced their personal satisfaction and self-confidence.	11,617	15,238	12,600
b. Increase the number of para-professionals and/or volunteers who are used in the adult education program.	144	192.54	600
c. Increase the number of enrollees who leave the program because they completed their educational objectives (all enrollees).	11,439	11,177	8,600
d. Reduce the number of enrollees leaving the program before they completed their educational objectives (all enrollees).	9,254	16,593	9,000

Slippages

For the "Social Impact" Objective Area, there were sizeable increases in achievements over FY 1989-90 Data for all areas except area "c". However, the number staying in the program to complete their educational objectives increased substantially (item d).

5. MASTERY ACHIEVEMENT INDICATORS/OBJECTIVES

	<u>FY 1989-90 Achievements</u>	<u>FY 1992-93 Achievements</u>	<u>FY 1994-95 Projections</u>
<u>Instructional Outcome Achievements</u>			
a. Increase the number of units of credit awarded for students enrolled in Pre-Literacy or basic English speaking, listening, and cultural orientation skills classes (Pre-level 1).	N/A	2,611.00	3,000
b. Increase the number of units of credit awarded for students enrolled in literacy or reading, writing, computation, and information technology skills classes (Levels 1-5).	5,998.75	6,300.68	7,000
c. Increase the number of units of credit awarded for students enrolled in General Core or General Educational Development skills classes (Levels 6-8).	17,136.31	17,573.76	16,000
d. Increase the number of units awarded for students enrolled in Adult High School Completion Classes (Levels 9-12).

Slippages

The total number of units of credit issued increased from 40,294.25 to 49,562.73.

III. COST EFFECTIVENESS OF ADULT EDUCATION

A. Does Education Pay?

It is a known fact that lifetime earnings of individuals increase with the years of school completed. In the February 1991 issue of "Statistical Brief" from the Bureau of the Census, data is provided that indicates that earnings vary sharply with educational attainment. That is to say, as one moves up the "degree" ladder, earnings increase as follows:

- Those without a high school diploma had mean monthly earnings of \$542.

- High school graduates (no college) earned \$921.
- Both vocational degree holders and adults with some college earned \$1,088.
- Those with an Associate as their highest degree earned \$1,458.
- Bachelor degree holders earned \$1,829.
- Master degree holders earned \$2,378.
- Doctorate degree holders earned \$3,637.
- Holders of professional degrees earned the most, \$4,003.

Given the above data, it is obvious that the cost effectiveness of education is real. Education does pay! The cost effectiveness of adult education can be addressed in other ways; namely, potential for employment; payment of larger amounts of federal, state, and local taxes; reduced crime, etc. Although each of these factors could be addressed to substantiate the cost effectiveness of the Utah Adult Education Program, the following information will focus on four specific areas where adult education provides high returns to individual students and the economy. These areas are:

1. Increased tax payments as a result of adult education students being employed.
2. Public welfare savings as a result of adult education students being removed from the welfare rolls.
3. Increased salary earnings of adult education students being employed.
4. Increased salary earnings of adult education students receiving job promotions and/or increased hourly rates of compensation.

B. Expenditures for Adult Basic and Adult High School Students are an Investment with High Economic Returns

ECONOMIC INVESTMENT BALANCE SHEET
ADULT BASIC EDUCATION AND ADULT HIGH SCHOOL

ECONOMIC ACHIEVEMENTS' FY 1993

Total Federal and State Dollars Expended (Invisted)

Adult Education for the Homeless (Federal McKinney Act/Jan. 1, 1993 - Dec. 31,1993)	\$ 217,000
Eligible Legalized Aliens (Federal IRCA/Oct. 1, 1992 - Sept. 30, 1993)	81,000
Federal Adult Education Act	1,104,000
Federal Limited English Proficiency (Community-Based)	23,000
State Adult High School	4,393,000
Federal Adult Education Resource Center	<u>23,000</u>
TOTAL	\$5,841,000

Estimated Dollars Savied or Returned on Investment

New Tax Revenues	\$6,465,098
Public Assistance Savings	<u>5,788,621</u>
TOTAL	\$12,253,719

<u>Net Return on Investment</u>	\$6,412,719
---------------------------------	-------------

<u>Annual Percentage Rate of Return on Investment</u>	109.78%
---	---------

* See pages 70-72 of this booklet for information on how these figures were derived.

**ECONOMIC RETURN ON THE FY 1993 ADULT BASIC
AND ADULT HIGH SCHOOL PROGRAMS EXCEEDS \$44 MILLION"**

<u>Sources of Return</u>	<u>Dollars</u>
Net Income (Salaries/Wages)	\$31,134,480
Reduced Public Assistance Payments	5,788,621
Increased Taxes Paid	6,465,098
Increased Income (Promotion/Salary Increases)	<u>1,191,008</u>
TOTAL	\$44,579,207
(Estimated Income Saved, Earned, or Returned)	

C. Summary: Cost Effectiveness of the Adult Education Program

1. For every \$1 invested, our state receives \$7.63 in saved, earned, or returned income.
2. State savings - \$5,788,621 (1,353 enrollees removed from welfare roles).
3. Money put back into the economy - \$31,134,480 (3,522 adult enrollees obtained jobs).
4. Money added to the economy \$1,191,008 (2,863 enrollees received job promotions).
5. Increased tax payments \$6,465,098 (Estimated federal, state, and local taxes generated by new or increased earnings).

The above data and information were calculated using July 1, 1992 through June 30, 1993, program data as follows:

Public Assistance

- | | |
|--|-------|
| 1. Number of adult education learners removed from public assistance in FY 1992-93 | 1,353 |
|--|-------|

" See pages 70-72 of this booklet for information on how these figures were derived.

- | | | |
|----|---|-------------|
| 2. | Estimated savings in public aid grants annually (Average State monthly payment of \$356.53 x 12 months x 1,353 individuals) | \$5,788,621 |
|----|---|-------------|

Employment

- | | | |
|----|---|--------------|
| 1. | Number of adult education learners who became employed as a result of adult education | 3,522 |
| 2. | Projected income earned by adults who became employed (Number of adults receiving jobs as a direct or indirect result of attending adult education classes multiplied by the minimum hourly wage of \$4.25 x 40 hours x 52 weeks x 3,522) | \$31,134,480 |

Job Promotion

- | | | |
|----|---|-------------|
| 1. | Number of adults promoted as a result of adult education | 2,863 |
| 2. | Projected additional income earned by adults who were promoted, or received a salary increase, as a result of adult education (Number of adults receiving a promotion multiplied by \$.20 per hour x 40 hours x 52 weeks) | \$1,191,008 |

Increased Revenue

- | | | |
|----|---|-------------|
| 1. | From the projected total earnings of those employed plus the projected additional money earned through promotion (\$31,134,480 + \$1,191,008 = \$32,325,488), the dollar estimate of the amount of the combined local, state, and federal taxes (20% rate estimated) returned to government | \$6,465,098 |
|----|---|-------------|

2. Total savings to the state
(\$6,465,098 + \$5,788,621) \$12,253,719

Net Gain

1. The cost to operate this program, inclusive of federal and state appropriations in FY 1992-93, amounted to \$5,841,000. The full return was \$12,253,719 resulting in a net gain to the state of \$6,412,719. The net percentage gain on investment is 109.78 percent.
